

You are cordially invited to a discussion/debate/dialogue about the role of statistics in the social sciences, with Ken Frank discussing John Levi Martin's *Thinking Through Statistics*....

See

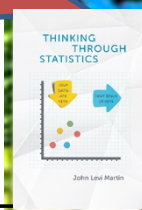

...two people equally convinced that there is a hope for a scientific sociology disagree about everything else....

Learn

...how to increase the robustness of your conclusions from data!

Hear

...stunning truths about shocking errors that routinely pass as fact!!

Ask

...those questions you've been afraid to ask your statistics teachers!

Seminary coop; 5751 S Woodlawn Avenue; 10/7, 3:00-4:00 PM;
After party, Jimmy's Woodlawn Tap, 1172 E 55th Street; 4:30-6:00 PM.
